A garden party for all women in the University, Stephens and Christian colleges and Columbia, will be given in Rothwell Gymnasium Saturday afternoon from 3 to 5 o'clock. Mortar Board, honorary fraternity for senior women, is managing the affair, which is for the purpose of advertising the movement for a Women's Building for the University. An orchestra will furnish music for dancing throughout the afternoon and cabaret stunts will be featured. Refreshments will be served from tables in one part of the room and the waiters, who will be members of the Mortar Board, affirm that tipping will not be forbidden.

Tickets will be sold in all the sorority and rooming houses for 15 cents.

The following guests have returned home after spending Thanksgiving holidays.

"What Shall We Do?"

You can find the answer to this question any afternoon in the Booth of Romance.

For a quiet tete-a-tete, or when you want to talk over old times with some returned friend you appreciate the privacy of a Harris' Booth and the careful excellence of Harris' service.

Harris' fountain specials have the quality all their own—the Harris' formulae and the Harris' way of mixing make sure 1924 that.

vertising. Mr. Yawitz attended the University last year and was enrolled in the School of Journalism.

A. W. TAYLOR TO BOSTON

Will Attend Council of Churches of Christ.

Prof. Alva W. Taylor, of the Missouri Bible College, left this morning for Boston where he will attend a meeting of the Federal Council of Churches of Christ of North America. This is the regular quadrennial meeting.

It is probable that the council will decide to take over the work of the Interchurch World Movement, and they are also planning to carry on surveys of rural sections and in industrial communities in a manner similar to the investigation made in the steel strike. The council has a budget of \$25,000 for use in industrial surveys.

Prof. Taylor will probably return to Columbia next Tuesday.

The St. Mary's Guild of Calvary Church will hold a bazaar Wednesday afternoon and evening at the home of Eugene A. Logan, 507 Rollins. Fancy Christmas articles, cakes, candy, Christmas cards and souvenirs will be sold, advertising.

See our prices in this issue.

Discoveries That Bring New Things

Way back in the fifteenth century people thought that all there was of the world was centered in a little bit of ground around the Mediterranean Sea. Those people lived for centuries in that small space that they called the world. And then one man, more farseeing than the rest, sailed away into oblivion and brought back word of land. That little germ of discovery grew with the Spanish explorers until it developed into the greatest continent the world knew. And it all happened because people discovered and developed something that they didn't know they had.

Every month you send out bills to the people who buy from you. Of course they're just bills and only routine stuff any way, but you have to send them. And Uncle says that on every envelope you must put a stamp. That stamp entitles you to send one full ounce in the envelope. ARE YOU GETTING YOUR MONEY'S WORTH? That fraction of a cent that you waste will bring you business if you develop it. A card, a folder or a blotter would tell people that your monthly letter means something more than just "another bill." LIVE UP TO THE POSSIBILITIES OF YOUR ENVELOPES.
